

MUKDEN WANTED

By the Japs, But Kuro Will Put Up a
Big Fight for it

RUSSIANS HOLD FUSHAN ROAD

There will Probably be a Big Scrap for
the Possession of Mukden for
Winter Quarters

THE SITUATION AT MUKDEN.

Tokio, September 21st.—The impression is growing general that an engagement will soon take place at Mukden. Gen. Kuropatkin is evidently preparing to make a determined resistance to any attempt to dispossess him and is entrenching and constructing defences. He has an immense force available but the opinion is expressed that the pass would be a more favorable location for defence. The Russians however, are unwilling to suffer the loss of prestige which would be involved by the abandonment of Mukden. Both armies are now rested and have recovered from the effects of the fight at Liao Yang.

A telegram received to-day from military headquarters in Manchuria says that portions of the Russian troops engaged in reconnaissances while returning from Ping Laize continued in touch with the Japanese lines among the Mukden and Fushan roads on Sept. 18th. There was no fighting but they are in condition to fight and the weather is favorable for military operations. The roads are drying and the Japs are speedily restoring the railway.

RUSSIANS HOLD FUSHAN.

St. Petersburg, Sept. 21st.—The reports that Gen. Kuroki had crossed the Hun River at Fushan turn out to be false. The Russians strongly hold the road to Fushan and Bentriaulze. It is pointed out that if the Japs had occupied Fushan the Russians would have been compelled to evacuate Mukden since Fushan is nearer to Tie pass.

INTEREST CENTRES AROUND MUKDEN.

London, Wednesday 21st.—Whatever may be happening in the far east there is little difference in information from any quarter. The armies in the vicinity of Mukden appear to be limiting their activities at present to feeling the positions of their adversaries. It is supposed to be the plan of the Japanese to possess themselves of the passes of the mountain range before making a direct move on Mukden. Strategic considerations seem to make it essential that Gen. Kuropatkin make a stand there and prevent the town from being made the winter quarters of the Japanese while the lack of adequate facilities elsewhere for the housing of troops during a rigorous Manchurian winter make it necessary that the Japs bend all their energies to the capture of that town.

St. Petersburg, Sept. 22nd.—The official returns of the casualties among the Russian officers at the battle of Liao Yang show that 455 officers were killed or wounded, including 6 generals and 39 field officers, 30 officers were killed 372 wounded and 13 missing.

St. Petersburg, Sept. 22nd. A resumption of the Japanese advance is expected to occur at any day. It is the third week since the fighting at Liao Yang and the Japs have had time to transport reinforcements from Yinkow and bring up sufficient men to the front to replace all their losses, but it is probable that several days will intervene before the armies come to closer quarters. The interval is being devoted on both sides to feeling the strength and position of the opposing forces until the Japanese probably will attempt to capture the passes of the Da mountain range, running half way between the Hun and Taitze rivers.

The possession of these passes is important for the Japanese as it will not only enable them to march northward but also to screen the movements of their troops from the prying gaze of the Russian scouts. It is fully appreciated here that the Japs must try for the possession of Mukden, as it otherwise will be difficult for them to provide an army with winter quarters. Liao Yang does not afford sufficient accommodation, although many houses were destroyed in the recent fighting.

SPORTS

BASEBALL

IN NORTHERN ALBERTA

Has Enjoyed a Fairly Successful Season
This year

The baseball season is over for this year in Northern Alberta—at least the Edmonton club has broken up and there are no other games in prospect. The Edmonton team won a majority of the games, it played a very notable feature is the improvement shown in the Edmonton team since the beginning of the season.

The first match of the season was played on May 13th, on Strathcona grounds, which was won by Strathcona in an easy victory by a score of 29 to 9.

Good, hard practice was the result of this defeat, and a few days later when the Strathcona team came to Edmonton the home boys won out by a score of 6 to 5.

On Victoria Day, May 24th, the Edmonton team visited Fort Saskatchewan but met with defeat in a slugging match, the final score being 15 to 13.

Baseball then took several weeks' rest, during which time efforts were made to secure a pitcher for the locals.

In this period however the Edmonton team visited Strathcona but met defeat by a score of 14 to 8 at the hands of the Strathcona aggregation.

Finally, on June 22nd, the Edmonton team succeeded in defeating the Strathcona aggregation in a loose game by a score of 16 to 13.

Two days later the boys visited Strathcona and again met with success by a score of 8 to 6.

On June 30th the Fort Saskatchewan team visited Edmonton and defeated the locals by a score of 9 to 7. The next day Edmonton figured in a combined team which was

defeated by Calgary, which team was touring the line at that time, by a score of 12 to 3.

Edmonton played Strathcona on the 13th for the Orangemen's medals but met defeat by a score of 15 to 9.

From this out the local team braced up wonderfully and played much better ball.

The Strathcona team visited Edmonton on July 26th, but met with a crushing defeat by a score of 31 to 6.

On August 4th the Edmonton team played Fort Saskatchewan. The game was for the Shera cup, and the Fort won out after a close struggle by a score of 8 to 7.

The next day in the Fort, Edmonton defeated Fort Saskatchewan by a score of 8 to 2.

On the 11th of August Edmonton defeated Strathcona in Edmonton, after a very close game by a score of 8 to 6.

The second last game of the season was played on August 16th, in Strathcona, which resulted in an easy victory for Edmonton by a score of 13 to 2.

The last game of the season was played on September 5th, on Edmonton grounds, the locals winning out by a score of 18 to 14.

This concluded the games for the past season, leaving Edmonton the victory in the majority of the games.

During the summer the junior team played a couple of games with Fort Saskatchewan, and there were also baseball matches between local teams. Baseball has every prospect of a successful season next year. During the different games there was a considerable variety of players. The following is the baseball team of the past season.

Catcher, Till
Pitcher, Magill
First Base, Ball
Second Base, Milne
Short Stop, Deaton
Third Base, Maloney
Left Field, Gilmour
Right Field, Cranston
Centre Field, Carr
Parney, Chapman, Archibald, and others also played throughout the season.

CURING THE FILLER

THE Pharaoh filler I select in Manicaragua—Province of Santa Clara, Cuba, is generally harvested in February.

The plants are cut down at daybreak—allowed to remain until eleven o'clock in the morning—until they are properly wilted—then taken to curing houses for drying.

After they are thoroughly dried they are allowed to become moist through atmospheric humidity and then made into "hands." Four of these hands constitute a carat, eighty carats make a bale.

After allowing it to age for three full years, in order to develop its superb fragrance and aroma, I make it up into "Pharaoh."

That's why there is a taste and odor of genuine tobacco in my Pharaoh Cigar.

THE GREAT WEST

INTERESTING INTERVIEW

With A. G. Harrison of the Dominion Lands Office Edmonton in the Fredericton N.B. Herald

Arthur G. Harrison, Dominion lands agent, Edmonton, is at present holidaying at the home of his father, Dr. Thomas Harrison, Chancellor of the University of New Brunswick, at Fredericton. This is Mr. Harrison's first visit east during seven years' residence in the West. The Fredericton Herald has the following interview with him:—

In reply to a question he stated that since 1896 the West had been enjoying a remarkable prosperity. "The immigration business," said he, "is now on a sound basis, and in proof of this I might say that we have as many homestead entries in one month now-a-days at Edmonton as we used to get in a whole year previous to 1896. Our present average is 1400 acres of land for every day in the year, including Sundays while last year the average was 1200. A large percentage of the new settlers are Americans, some come from eastern Canada, and the balance from the British Isles, Norway, Sweden, Germany and Austria. The influx from Great Britain this year has been greater than ever before and the increase can in measure be attributed to the excellent missionary work done by a party of western farmers sent to the old country by the Dominion Government last year. The immigrants from other European countries, especially the Swedes and Austrians, are proving themselves rattling good settlers, and stay right with their land. I consider the immigration problem solved as far as the West is concerned.

Mr. Harrison, in reply to a question stated that the wheat crop throughout Manitoba and the Territories this year was excellent, and a record breaking yield was promised. The farmers and grain men were most enthusiastic over the outlook, and it would greatly tax the transportation companies to handle the crop.

"The great problem in the West," said Mr. Harrison, "is transportation, and the people are naturally taking a keen interest in the railway development now going on. Edmonton is now served by a branch line of the Canadian Pacific Railway and we expect to have the Canadian Northern in a short time. The company is now running a line from Saskatoon. They have 1600 men and 1000 teams at work, and will grade 500 miles of road this fall. They have secured a station site of sixty acres at Edmonton, and expect to have the line completed to that point by next fall. In this connection I wish to state for the benefit of young men in the East who are thinking of locating in the Edmonton district that their best plan is to proceed to Saskatoon and work west from there. The custom hitherto has been to proceed to Edmonton and work eastward, but as homesteads have been taken up for a distance of 150 miles in that direction, it is better to make Saskatoon the starting point. Town sites are being laid out rapidly between the two points, and it is estimated that at least 150 new towns will spring up in that district within the next few years.

What about the Grand Trunk Pacific, queried the reporter.

Well, replied Mr. Harrison, stockmen, farmers, and grain dealers are unanimously in favor of it, and I do not believe that any public man who expresses himself as being opposed to it could be returned in any constituency in the West. The proposed new line will likely run midway between the Canadian Northern and C.

P. R. and will serve a splendid country. General Manager Hays, when at Edmonton recently, looking over the ground, expressed the opinion that there was room for not only three transcontinental railways, but six or seven could find plenty to do. Already the Grand Trunk Pacific has secured an option on a 120 acre site at Edmonton for a station and a yard site.

Mr. Harrison spoke very enthusiastically in regard to the town of Edmonton, which he considers is to become one of the great entrepôts of the West in the near future. The town is situated on the northern side of the Saskatchewan, in the centre of a splendid farming and ranching country. The population at the last census in 1891 was 2206, but today it is estimated at 7,000. Coal mining is carried on quite extensively in the district, so the town is not dependent on any one industry. To give an idea of the building boom the place is enjoying at the present time, Mr. Harrison stated that the Canadian Bank of Commerce and Bank of Montreal are each erecting \$35,000 buildings. The Union Bank of Canada lately bought a \$20,000 property, and the Bank of Nova Scotia has obtained a lease of a new building erected at a cost of \$35,000. The Hudson's Bay Company is putting up a \$100,000 building and Revillon Bros. are erecting a five storey departmental store, with a frontage of 200 feet and a depth of 150 feet. This firm has its headquarters in Paris, and branches in London, New York and Montreal.

Last year, said Mr. Harrison, there were 730 scholars enrolled in the public schools of Edmonton, and a staff of twenty teachers. A school building was completed at a cost of \$30,000 lately, and another to cost \$35,000 is now in course of construction.

Mr. Harrison went on to say that the town of Strathcona, on the opposite side of the river from Edmonton, was also growing rapidly. The population in 1901 was 1500, and to-day it is in excess of 2,500. The pastor of the Presbyterian church there is Rev. David Fleming, a son-in-law of Rev. J. J. Teasdale, of this city.

CITY CHARTER

DISCUSSED AT LENGTH

At Yesterday Afternoon's Meeting of the City Council

The city council held a session yesterday afternoon, meeting in committee of the whole to discuss the city charter. Mayor Short and councilors Picard, Cushing and May and city solicitor Beck were present. Considerable discussion took place, after which Mayor Short and city solicitor N. D. Beck were appointed a committee to go to Regina to assist in the passing of the city charter at the present session of the legislature and to look after the city's interest generally. Mayor Short and N. D. Beck will leave Saturday for Regina and expect that the bill will be got through the House in good time.

Besides the discussion on the city charter the question of the burial of paupers came up. It was decided to ask the local undertakers to tender for the expenses of pauper burials.

VERY LITTLE NEWS

OF W. P. TAYLOR'S DEATH

Near Lake St. Ann has been received at Edmonton. Coroner has left to hold inquest

Little news has been received in the city regarding the death, reported in yesterday's Bulletin, of W. P. Taylor, the well-known guide, near Lac Ste. Anne. He was found on Tuesday about twenty miles west of Lac Ste. Anne, lying dead on the trail. At the time he was engaged in freighting to a Grand Trunk survey party which has been operating northwest of the lake. He is supposed to have met death on Friday and to have lain on the trail until Tuesday, when he was found by a member of the Grand Trunk survey party. Word was immediately sent to town, but so far very few particulars of Mr. Taylor's death have been received. Coroner Braithwaite left yesterday to hold an inquest. Corpses at McLeod and a mounted police team accompanied the coroner. To-day Mr. Lockhart, undertaker, left for Lac Ste. Anne to bring the body to town.

J. ARCHIBALD MISSING

It is reported in town to-day that Jack Archibald, well known in Edmonton, who left here about ten days ago, with J. G. Oliver's raft, has disappeared. Word comes from Andrew P.O. that his clothes have been found on a sand bar at Paradis crossing, and that he was tracked to a raft in the river. No trace of him has been seen or heard of since. He had been somewhat ill since leaving Edmonton.

WHITE WHALE LAKE

We are pleased to chronicle the marriage of Miss Ethel Woollard and Mr. George Leight, which occurred at Edmonton last week. They will make their home among us. "Here's to a long and pleasant life on the homestead where the fire burns for two."

Dr. S. E. Couhew of Qu'Appelle, Assa., is here with the view of taking up homesteads for himself and son, and moving his family here in the near future. The doctor already owns a half section of railroad land in this vicinity.

From another Correspondent:

We are pleased to extend our best wishes to Mr. George Leight and Miss Ethel Woollard who have recently linked their fortunes for a life voyage.

Mr. Fontaine's survey party passed through recently on their way from north of Lake St. Ann to Buck Lake, where they have orders to run some base lines.

The harvest excepting the hay has not been an unmix success, largely resulting from causes that are preventable, and that we trust will not be allowed to occur again.

The question of the organization of a school district on the north of the reserve and lake has been agitating the minds of the settlement for a considerable time. A year ago a proposal was submitted which was regarded as premature. During the past winter a proposition was gotten up and put to the vote. A very vigorous protest was entered at the Department at Regina against the procedure. As a result the Department has ordered another vote to be taken on a proposal that is eminently fair as to its boundaries and that will include practically every family in the settlement.

It was with considerable regret that we were informed recently by the Post Office Department that there was another "Mewassin" in the Territories, and it was causing such confusion that it was their desire that we should select another name. We believe we were first organized and ought to have retained the name and the other place changed. What may be the outcome of it we do not yet know.

White Whale Lake, Sept. 16.

LAC STE ANNE

Two weeks ago the ratepayers of the Lac Ste. Anne C. P. school district met and built a fence about the school grounds.

Mr. W. P. Taylor, head packer of Mr. J. Callaghan's G.T.P. survey party left for the camp north of the Athabasca river last Wednesday.

Mr. Roy D.L.S. who is surveying land in the neighbourhood of Island Lake, was in the village for a day or two last week.

Rev. Father Lezee, returned last Saturday from Edmonton, where he had been on a business trip.

Several parties of land seekers have been here during the last two weeks looking up this part of the country and also that of Island Lake and the Pembina river.

Mr. Andy Coughlin and Mr. Moller left for Henty House last Sunday. Donald MacDonald went as guide and packer.

A. S. Going, G.T.P. engineer, is here to-day on business.

Lac Ste. Anne, Sept. 18th.

WEED SEEDS

The seed division of the Department of Agriculture, Ottawa, has just issued an illustrated bulletin on the "Weed seeds commonly found in timothy, alsike and red clover seeds." It is well known that large quantities of seeds of many noxious weeds are each year unwittingly sown with grass and clover seeds. The resemblance of many weed seeds to the commercial seeds with which they are found makes their detection difficult to an untrained eye, even if they be present to the extent of several hundred per pound. It is therefore of great importance to be able to identify at least the seeds of those weeds which are seriously injurious to agriculture. The text and illustrations of this bulletin are published with a view to assist farmers to identify the more dangerous weed seeds common to grass and clover seeds. The illustrations of seeds are from drawings by J. H. Faull, lecturer in Botany, University of Toronto, and the descriptions are by G. H. Clark, Chief of the Seed Division, Ottawa to whom applications for copies of the bulletin should be addressed. As the edition is limited it will be sent only to those who apply for it.

The Canadian Northwest Homestead Regulations

Any even numbered section of Do-
minion Lands in Manitoba or the
Northwest Territories, excepting 8
and 26, which has not been home-
steaded, or reserved to provide wood
lots for settlers, or for other pur-
poses, may be homesteaded upon by
any person who is the sole head of a
family, or any male over 18 years of
age for his homestead, or a quarter
section, of 160 acres, more or less.

ENTRY.—Entry may be made per-
the district in which the land to be
taken is situated, or, if the home-
steader desires, he may, on applica-
tion to the Minister of the Interior,
Ottawa, the Commissioner of Immi-
gration, Winnipeg, or the local agent
for the district in which the land is
situated, receive authority for some
one to make entry for him. A fee
of \$10.00 is charged for a homestead
entry.

HOMESTEAD DUTIES.—A settler
who has been granted an entry for a
homestead is required by the pro-
visions of the Dominion Lands Act
and the amendments thereto, to per-
form the conditions connected there-
with, under one of the following
plans:

(1) At least six months' residence
upon and cultivation of the land in
each year during the term of three
years.
(2) If the father (or mother, if the
father is deceased) of any person who
is eligible to make a homestead entry
under the provisions of this Act, re-
side upon a farm in the vicinity of
the land entered for by such person
as a homestead, the requirements of
this Act as to residence prior to ob-
taining patent, may be satisfied by
such person residing with the father
or mother.

(3) If a settler has obtained a pa-
tent for his homestead, or a certifi-
cate for the issue of such patent,
countersigned in the manner pre-
scribed by this Act, and has obtained
entry for a second homestead, the
requirements of this Act as to resi-
dence prior to obtaining patent may
be satisfied by residence upon the
first homestead, if the second home-
stead is in the vicinity of the first
homestead.

(4) If the settler has his permanent
residence upon farming land owned
by him in the vicinity of his home-
stead, the requirements of this Act
as to residence may be satisfied by
residence upon said land.

The term "vicinity" used above is
meant to indicate the same township
or an adjoining or cornering town-
ship.

A settler who avails himself of the
provisions of Clauses 2, 3 or 4, must
or substitute 20 head of stock, with
buildings for their accommodation,
cultivate 30 acres of his homestead,
and have besides 80 acres substan-
tially fenced.

The privilege of a second entry is
restricted by law to those settlers
only who completed the duties upon
their first homesteads to entitle
them to patent on or before the 2nd
June, 1889.

Every homesteader who fails to
comply with the requirements of the
homestead law is liable to have his
entry cancelled, and the land may be
again thrown open for entry.

Application for patent should be
made at the end of three years, be-
fore the local agent, sub-agent, or
Homestead Inspector. Before making
application for patent the settler
must give six months' notice in writ-
ing to the Commissioner of Dominion
Lands, at Ottawa, of his intention
to do so.

Information.—Newly arrived immi-
grants will receive at the Immigra-
tion Office, in Winnipeg, or at any
Dominion Lands Office, in Manitoba
or the Northwest Territories, infor-
mation as to the lands that are open
for entry, and from the officers in
charge, free of expense, advice and as-
sistance in securing land to suit them.
Full information respecting the land,
timber, coal and mineral laws, as well
as respecting Dominion Lands in the
Railway Belt in British Columbia,
may be obtained upon application to
the Secretary of the Department of
the Interior, Ottawa, the Commis-
sioner of Immigration, Winnipeg,
Manitoba, or to any of the Dominion
Lands Agents in Manitoba or the
Northwest Territories.

JAMES A. SMART,

Deputy Minister of the Interior.
N.B.—In addition to Free Grant
Lands to which the regulations above
stated refer, thousands of acres of
most desirable lands are available for
lease or purchase from railroad and
other corporations and private firms
in Western Canada.

LOCAL

—Train on time.

—Sixth street west from Jasper avenue north is being graded.

—A harvest festival will be held in the Poplar Lake school house to-morrow evening.

—A. G. Macfarlane, Canadian Northern Railway engineer, arrived in the city yesterday overland from Battleford.

—Splendid progress is being made on the new Mackay avenue public school. The brickwork of the first storey is almost completed.

—Mayor Short and N. D. Beck leave for Regina Saturday morning to be present at the consideration of the Edmonton City charter by the Territorial Assembly.

—A Lodge of Knights of Pythias was installed in Strathcona last night. A number of the Edmonton Lodge went over and installed about twenty-eight members.

—A prairie chicken flew up Main street this morning and striking against F. F. Tim's office, fell back stunned into the awning. Charlie Cairns, who was on hand, promptly captured it.

—Tuesday's and Wednesday's bright sunny weather came to a sudden stop this morning. To-day is cold and windy, but so far has continued dry. The roads and grain fields continue drying up, however.

—Jas. Gibbons and Jho. Foley, of the Stoney Plain Indian Agency are in Edmonton to-day. Crops have been splendid on the Reserve this year, and all that is now wanted is favorable weather for stacking.

—A full rehearsal of the "Confederate Spy" will be held in the Theatre Rink to-night at 7.45. All taking part are requested to attend sharp on time. This great military drama will be produced at the Theatre Rink on October 4th and 5th.

—Ewart, the six year old son of Mr. and Mrs. Howard Stutthurt was run over by a wagon on Namayo avenue yesterday afternoon. His injuries proved to be less severe than was at first expected. No bones were broken, and it is not known yet whether there are any internal injuries or not.

—Strathcona town council have been making some much needed improvements on the grade across the river leading to that town from Edmonton. Fences have been constructed along both sides of the road in especially dangerous places and along one side of the road where one fence will suffice. The road has also been graded, and in places the grade lessened. Electric light posts are being erected along the road way and the whole road from the town to the bridge will be lighted. This is a very great improvement and a boon to all having to use the road after dark.

—Herald: Much interest is displayed among Calgary people over the contest for mastery in Edmonton already commenced between the C.P.R. and G.T.P. Within the past two weeks the chief officials of both companies have made hurried trips to Edmonton. The G.T.P. people have been anxious to secure a large grant from the city in the very centre of the business district. It is said that the C.P.R. has acquired forty acres adjoining the city and will probably cross the river and enter Edmonton direct. The people of the city are anticipating the construction of a high bridge by the C.P.R. The purchase by the C.P.R. is said to be between Jasper avenue and the C.N. E. yards and First and Thirteenth streets.

PERSONALS

Mr. and Mrs. W. J. Carter arrived in the city last night.

Rev. Father Lestane arrived in the city last night from Calgary.

Free Press, Sept. 20th.—Mrs. Dubuc wife of Chief Justice Dubuc, and her daughter, Miss Adrienne Dubuc have returned home from a three months' visit to Montreal and Quebec. Mr. L. Dubuc, who has also been holidaying in the east and visiting the St. Louis Fair, is spending a few days in the city en route for his home in Edmonton.

SIX MONTHS FOR ASSAULT

At the police court this morning a case of assault was heard before Major Strickland and Jas. Gibbons. An Indian woman of the Stoney Plain Agency was charged with assaulting another with an axe handle and inflicting very severe cuts and bruises about the head. As a result the injured woman had to be brought to the hospital for treatment. The woman who committed the offence was sentenced to six months imprisonment in the Prince Albert jail.

THE MARKETS
